

THE AMAZING RACE

READING EDITION

Collect passport stamps as you read your way across Europe! Each page you read equals 1 kilometer. When you reach the number of kilometers for a specific destination, claim your passport stamp. To help you keep track of the number of pages you read, log your pages each day. You may count the pages that you read during silent reading time and at home.

BONUS KILOMETERS:

- Get 50 bonus kilometers when you complete a book (that is not an assigned class novel) and fill out a USSR form. This will help kick start your journey to the next destination.
- Earn 2 times the kilometers when you read a book from Ms. Tong's recommended readings list for your grade.
- Earn 2 times the kilometers when you read a classic novel.

In light of the 2012 Summer Olympics, this year, our starting point for our AMAZING RACE is London, England.
