On behalf of the Claremont PAC, I wish to thank the teachers and staff of Claremont for submitting their request. We fully appreciate the time and dedication that all the teachers give to our students.

The Claremont PAC has reviewed the requests in detail and approved as many requests as possible in order that a wide variety of activities and projects at Claremont are supported and meet the criteria as specified for disbursing the funds from the B.C. Gaming Grants.

Please find attached the approved funding requests for the winter season.

The Claremont PAC will put out a second funding request in February. If your project has not been approved or has been partially funded, we do ask that you submit an additional request at that time.

We would like to take this time to wish you all a very happy, restful and safe holiday!!
