

# Claremont Secondary School Plan

2018-19

**School Goal Statement:** To improve a sense of community where students are motivated to take responsibility for their own learning.

**1. Rationale:**

- a. Many students attending Claremont are from other school districts and countries.
- b. Staff feel inclusion is an important focus for all students at Claremont for the year ahead.
- c. With a strong sense of community and sense of belonging, students will be more engaged in their learning.

**2. Strategies:**

**a. Taking Action:**

- i. Monthly homeroom opportunities that focus on building a positive school culture, promote healthy relationships, and enhance student engagement.
- ii. Seek input from students for strategies to improve their own interest and motivation in order to make learning relevant.
- iii. Staff will increase their understanding and use of Core Competencies within their curricular areas.

**b. Checking/Results:**

- i. Engage staff and PAC in conversation on the evidence from OurSCHOOL Survey for the purpose of improving both student achievement and their level of engagement.
- ii. Review classroom evidence of student self-assessment as it relates to the three big ideas of communication, thinking, and personal & social responsibility. Share samples at staff meeting and with PAC to ensure a common understanding.

**Student Achievement Data:**

1. Engagement Data: Our School Survey % of students who are interested and motivated

<b>Our School Survey</b>	<b>2015-16</b>	<b>2016-17</b>	<b>2017-18</b>
National Mean:	22 %	26%	26%
School:	36 %	28%	36%
