Student Timetable 2022/23: The first draft of student timetables for next year will be distributed to students this week. It is important for students to preview their timetable to ensure the right courses have been scheduled. If changes need to be made, the student should take a picture of the original schedule with their cell phone, and then write the requested changes on the reverse side of their timetable and leave it at the front office.

Textbook Return: Please look around your home for any Claremont textbook, novels, etc... All books can be returned to the Learning Commons or our front office.

Yearbooks - Most yearbooks have been distributed. If you did not pick yours up they will be available for pick-up from the student lounge at lunch break. There are still copies for sale at \$45.00 per book, please contact Belinda Waller in accounts if you wish to purchase a copy: bwaller@saanichschools.ca

Awards: Congratulations to the following students [LINK](#) for being nominated by our staff for a Service & Citizenship Award. These certificates are awarded for long term commitment to extra-curricular volunteering both visible and behind the scenes, and/or for all-around positive contributions to school, staff and peers. Certificates can be picked up with your Report Card at the end of the year.

Mental Health Snapshot: Please see this [LINK](#) to view this month's Mental Health Snapshot that addresses well-being during the summer months.

Enjoying a wonderful weekend, and thank you for taking the time to read our messages.
